

## AGENDA ITEM 5 (ACTION ITEM)

### CONTRACT DELEGATION

### JUNE 22, 2023

Government Code Section 8857 authorizes the Commission to delegate to the executive director the authority to enter into contracts on its behalf. For purposes of this delegation, counsel advises that the term “contracts” includes purchases of services through service order agreements and purchases of “goods” through purchase order agreements. CDIAC uses service order agreements to pay for equipment maintenance such as copier service agreements, e-mail services, transcriptions services, etc. It uses purchase order agreements to pay for printing costs of CDIAC publications, association memberships, and office equipment. In general, most CDIAC operating expense and equipment (“OE&E”) expenditures fall under this broader “contract” category and are therefore relevant in the context of the executive director’s contract authority.

On June 23, 2022, the Commission approved Resolution 22-01, authorizing the executive director to enter into contracts and interagency agreements in FY 2022-23 under specified thresholds. Specifically, an individual contract may not exceed \$400,000 and an interagency agreement for administrative services may not exceed \$425,000. Resolution 22-01 also established the cumulative amount of the delegation to the executive director at \$1.8 million. In addition, the resolution requires the executive director to report on all contracts approved pursuant to the resolution.

When considering the amount of contract authority to delegate to the executive director for FY 2023-24, it is relevant to bear in mind prior year OE&E expenditures, the proposed FY 2023-24 budget appropriation for OE&E, and CDIAC’s contract history.

CDIAC OE&E expenditures, included in the broader definition of “contracts” and covered by the cumulative delegated contract amount, are projected to be approximately \$1,613,191 through June 30, 2023, as follows.

STO Administrative services	\$365,198

The proposed FY 2023-24 budget appropriation for OE&E is the same as FY 2022-23 at \$1,435,000.

Major contracts or interagency agreements open during FY 2022-23 include:

This resolution also provides detail on the type of actions the executive director can exercise under the delegated contract authority.

## STAFF RECOMMENDATION

Given the current fiscal year expense projections for OE&E, the proposed budget authority for FY 2023-24 OE&E, the contracts and agreements in place in FY 2022-23 and projected for FY 2023-24, staff recommends that the contract authority delegated to the executive director in FY 2023-24 be \$400,000 for a single contract and remain at \$1,800,000 for all contracts cumulatively. Further, staff also recommends that the FY 2023-24 limit on contract authority for the interagency agreement with the State Treasurer's Office for administrative services also remain the same as it was in FY 2022-23 at \$425,000.

Resolution 23-01 resolves to delegate to the executive director cumulative contract authority of \$1,800,000, with any single contract authority limited to \$400,000, not including the interagency administrative services agreement authority, which is limited to \$425,000.
