Treasurer's Innovative Scholar Dollars Program Awards \$300,000 to Support Under-Funded Extracurricular Activities, After-School Programs

20 K-8 Public and Charter Schools to Receive Grants Ranging from \$5,000 to \$25,000

SACRAMENTO – State Treasurer John Chiang today announced that 20 schools in California will be awarded grants ranging from \$5,000 to \$25,000 to support critical after-school programs and extracurricular activities.

“At a time when California schools struggle just to have the latest textbooks and basic supplies, programs that provide students with a well-rounded education often get tossed to the side,” Treasurer Chiang said. “Our Scholar Dollars grants will help these schools fund exciting academic initiatives, from the expansion of arts and sciences programs to the construction of cutting-edge technology labs and state-of-the-art athletic facilities.”

ScholarShare, California's 529 savings plan, administered the Scholar Dollars program. Eligible K-8 public and charter schools registered and then engaged their communities to vote for a chance to win one of the 20 available grants. Grants were available in varying amounts according to school size.

Scholar Dollars was immensely successful in its inaugural year, with more than 390 schools across the state registering and over 411,000 votes cast by parents, relatives, boosters and community members.

Winning schools came from the following cities: Burbank, Camarillo, Campbell, Carson, Castro Valley, Los Angeles, Northridge, Oakland, Sacramento, Santa Ana, South Gate, Visalia, Westminster and Windsor.

One of the grant winners, [South Gate Middle School](#), a Title I school in South Gate that serves more than 2,000 students, plans to use the \$25,000 grant to design a Makerspace and technology lab to encourage students to build, explore and create. The lab's goal is to help students develop critical thinking, communication, collaboration and problem-solving skills.

“Our school is overjoyed to have been selected to receive a Scholar Dollars grant,” said Janet Mack, principal at South Gate Middle School. “The grant will give us the boost we need to create our innovation lab and broaden our scope of learning for our students.”

Another grant recipient, [Cali Calmecac Language Academy](#) in Windsor, plans to use its \$20,000 grant to purchase Google Chromebooks to help increase learning and aid in enrichment.

During the next month, Treasurer Chiang will visit select campuses across the state to present winning schools with their Scholar Dollars grant awards. View the full schedule, below.

Named for the section of the IRS code under which they were created, 529 plans offer valuable tax advantages. Contributions are made with money that has already been taxed. Once funds are placed in the account, investment earnings, if any, are not federally or state taxed, if withdrawn to pay for qualified higher education expenses.

The ScholarShare 529 College Savings Plan Twitter and Facebook pages are managed by the State Treasurer's Office.

List of Scholar Dollars School Winners

School	City	Principal	Grant Amount
