

CALIFORNIA DEBT LIMIT ALLOCATION COMMITTEE

Estimated Public Benefits Single-Family Housing Program Pool December 12, 2012 Allocation

State and local governmental agencies and joint powers authorities can issue tax-exempt mortgage revenue bonds (MRB) or mortgage credit certificates (MCC) to assist first-time homebuyers purchase homes. These agencies and authorities may issue MRBs, the proceeds of which back below market interest rate mortgages. As an alternative to issuing MRBs, state and local governmental agencies and joint power authorities may issue MCCs. The value of the credit equals up to 20% of the interest payments made annually on the program participant's first mortgage. Homebuyers use the MCC to reduce their federal tax liability by applying the credit to their net tax due. Homebuyers may purchase single-family homes; either free-standing detached homes, condominiums or townhouses. Program participants must meet program income limits and must purchase a home that falls within the program's purchase price limitations.

The California Debt Limit Allocation Committee is responsible for administering California's annual tax-exempt private activity bond program, known as "the annual State ceiling". For calendar year 2012, California's State ceiling is \$3.580 billion. Each year the Committee divides the annual State ceiling among several bond programs, known as "Program Pools", including the Single-Family Housing Program Pool. For calendar year 2012, the Committee reserved approximately \$750 million or 21% of the State ceiling for the Single-Family Housing Pool. The \$750 million of bond authority will be allocated throughout the 2012 calendar year.

The Committee awarded a total of \$35,962,360 of the 2012 State Ceiling on December 12, 2012 and authorized the use of \$363,773,330 of available 2009 carryforward to the Single-Family Housing Program to five (5) local Mortgage Credit Certificate Programs and one (1) statewide Mortgage Credit Certificate Program. This allocation will assist approximately 2,325 first-time homebuyers, of which at least 930 will be lower income households and approximately 344 will purchase newly constructed homes.

SUMMARY OF ALLOCATIONS

Mortgage Credit Certificate Programs

<u>AMOUNT ALLOCATED</u>	<u>ESTIMATED NUMBER & DESCRIPTION OF PUBLIC BENEFITS</u>
\$399,735,690	2,325 Total number of MCCs 930 Total number of MCCs to low income households 344 Total number of MCCs to homebuyers purchasing newly constructed homes (15% of total)

TOTAL SINGLE-FAMILY HOUSING PROGRAM
