

I certify that I have read and understand the provisions of Sections 10322(a) through (h). No additional documents in support of the basic thresholds or point selection categories shall be accepted from the applicant beyond the application filing deadline, unless the Executive Director, at his or her sole discretion, determines that the deficiency is a clear reproduction or application assembly error, or an obviously transposed number. In such cases, applicants shall be given up to five (5) business days from the date of receipt of staff notification, to submit said documents to complete the application. For threshold omissions other than reproduction or assembly errors, the Executive Director may request additional clarifying information from other government entities.

I agree to hold TCAC, its members, officers, agents, and employees harmless from any matters arising out of or related to the Credit programs.

I agree that TCAC will determine the Credit amount to comply with requirements of IRC Section 42 but that TCAC in no way warrants the feasibility or viability of the project to anyone for any purpose. I acknowledge that TCAC makes no representation regarding the effect of any tax Credit which may be allocated and makes no representation regarding the ability to claim any Credit which may be allocated.

I acknowledge that all materials and requirements are subject to change by enactment of federal or state legislation or promulgation of regulations.

In carrying out the development and operation of the project, I agree to comply with all applicable federal and state laws regarding unlawful discrimination and will abide by all Credit program requirements, rules, and regulations.

I acknowledge that neither the Federal nor the State Tax Credit programs are entitlement programs and that my application will be evaluated based on the Credit statutes, regulations, and the Qualified Allocation Plan adopted by TCAC which identify the priorities and other standards which will be employed to evaluate applications.

I acknowledge that a reservation of Federal or State Tax Credits does not guarantee that the project will qualify for Tax Credits. Both Federal law and the state law require that various requirements be met on an ongoing basis. I agree that compliance with these requirements is the responsibility of the applicant.

I acknowledge that the information submitted to TCAC in this application or supplemental thereto may be subject to the Public Records Act or other disclosure. I understand that TCAC may make such information public.

I acknowledge that if I obtain an allocation of Federal and/or State Tax Credits, I will be required to enter into a regulatory agreement which will contain, among other things, all the conditions under which the Credits were provided including the selection criteria delineated in this application.

I declare under penalty of perjury that the information contained in the application, exhibits, attachments, and any further or supplemental documentation is true and correct to the best of my knowledge and belief. I certify and guarantee that each item identified in TCAC's minimum construction standards will be incorporated into the design of the project, unless a waiver has been approved by TCAC. I certify that, when requesting a threshold basis increase for development impact fees, the impact fee amounts are accurate as of the application date. In an application proposing rehabilitation work, I certify that all necessary work identified in the Capital Needs Assessment, including the immediate needs listed in the report, will be performed (unless a waiver is granted) prior to the project's rehabilitation completion. I certify and guarantee that the application meets each item of the applicable housing type requirement, as identified by TCAC regulation. I certify and guarantee that any tenant services proposed under TCAC Regulation Section 10325(c)(5)(B) will be available within 6 months of the project's placed in service date, will be of a regular and ongoing nature and provided to tenants for a period of at least 15 years, free of charge (except child care). I understand that any misrepresentation may result in cancellation of Tax Credit reservation, notification of the Internal Revenue Service and the Franchise Tax Board, and any other actions which TCAC is authorized to take pursuant to California Health and Safety Code Section 50199.22, issuance of fines pursuant to California Health and Safety Code Section 50199.10, and negative points per Regulation Section 10325(c)(3) or under general authority of state law.

I certify that I believe that the project can be completed within the development budget and the development timetable set forth (which timetable is in conformance with TCAC rules and regulations) and can be operated in the manner proposed within the operating budget set forth.

I further certify that more than 10% of the project's total reasonably expected basis cost will be incurred and the land acquired by the date specified in the reservation preliminary or final letter.

Funding sources and costs should be aligned appropriately. For example, public funding sources for land purchase or construction costs should be shown as paying for these costs. Do not randomly select funding sources for line item costs if they have a dedicated source of payment.

¹ Required: evidence of land value (see Tab 1). Land value must be included in Total Project Cost and Sources and Uses Budget (includes donated or leased land). Except for non-competitive projects with donated land, TCAC will not accept a budget with a nominal land value. Please refer to the TCAC website for additional information and guidance.
² Required: include a detailed explanation of Demolition and Offsite Improvements requirements as well as a cost breakdown in Attachment 12, Construction and Design Description.

Note: The conditional formatting embedded in this Sources and Uses Budget workbook tests only for mathematical errors, i.e. whether sum total of Sources (Column R) matches Total Project Cost (Column B) and whether each source listed in the Sources and Uses Budget workbook (Row 103) matches that of Permanent Financing in the Application workbook (Row 106). The conditional formatting does NOT test for any regulatory threshold or feasibility requirements. Applicants are advised to conduct their own due diligence and not rely upon the conditional formatting in this workbook.

(select one if applicable)

To qualify for this option, all projects must qualify as Special Needs. The California LIHTC project need not be one of the Special Needs projects.

To receive points under this subsection for projects in existence for more than 3 years from the filing deadline date, the applicant must submit a certification from a 3rd party certified public accountant (CPA) that the projects for which points are requested have maintained a positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.) for the year in which each development's last financial statement has been prepared and have funded reserves in accordance with the partnership agreement and any applicable loan documents. This certification must list the specific projects for which the points are being requested. The CPA certification may be in the form of an agreed upon procedure report that includes funded reserves as of the report date, which shall be within 60 days of the application deadline, unless the general partner or key person has no current projects which are eligible for points in which case the report date shall be after the date from which the general partner or key person separated from the last eligible project. To obtain points for projects previously owned by the proposed general partner, a similar certification must be submitted with respect to the last full year of ownership by the proposed general partner, along with verification of the number of years that the project was owned by that general partner. This certification must list the specific projects for which the points are being requested. For tribal applicants contracting with a developer who will not be a general partner to receive points, see Reg. Section 10325(c)(1) and Checklist Tab 21.

Total Points for Management Company Experience: 3

Points in subsections (A) and (B) above will be awarded in the highest applicable category and are not cumulative. For maximum points in either subsection (A) or (B) above, a completed application attachment for the general partner or for the management agent, respectively, must be provided. For points to be awarded in subsection (B), an enforceable management agreement executed by both parties for the subject application must be submitted at the time of application. "Projects" as used in this subsections (A) and (B) means multifamily, rental, affordable developments of over 10 affordable units that are subject to a recorded regulatory agreement or, in the case of housing on tribal lands, where federal HUD funds have been utilized in affordable rental developments. General Partner and Management Company experience points may be given based on the experience of the principals involved, or on the experience of municipalities or other nonprofit entities that have experience but have formed single-asset entities for each project in which they have participated, notwithstanding that the entity itself would not otherwise be eligible for such points.

Alternatively, a management company may receive 2 points if it provides evidence that the management agent assigned to the project, either on-site or with management responsibilities for the site, has been certified, prior to application deadline, by a housing tax credit certification examination by a nationally recognized housing tax credit compliance entity and be on a list maintained by the Committee. These points may substitute for other management company experience but will not be awarded in addition to such points.

C(2) Service Amenities

Maximum 10 Points

Projects that provide high-quality services designed to improve the quality of life for tenants are eligible to receive points for service amenities. Services must be appropriate to meet the needs of the tenant population served and designed to generate positive changes in the lives of tenants. An application proposing a project located on multiple scattered sites (all sites within a five-mile diameter range) shall be scored proportionately in the site and service amenities based upon (i) each site's score, and (ii) the percentage of units represented by each site, except that for scattered site projects of less than 20 units, service amenities shall be scored in the aggregate across all sites.

Except as provided below and in Reg. Section 10325(c)(4)(B), in order to receive points in this category physical space for service amenities must be available when the development is placed-in-service. Services space must be located inside the project and provide sufficient square footage, accessibility and privacy to accommodate the proposed services. The amenities must be available within 6 months of the project's placed-in-service date. Applicants must commit that services will be provided for a period of 15 years.

All services must be of a regular and ongoing nature and provided to tenants free of charge (except for day care services or any charges required by law). Services must be provided on-site except that projects may use off-site services within 1/2 mile of the development (1 1/2 mile for Rural set-aside projects) provided that they have a written agreement with the service provider enabling the development's tenants to use the services free of charge (except for day care and any charges required by law) and that demonstrate that provision of on-site services would be duplicative. All organizations providing services for which the project is claiming service amenities points must have at least 24 months experience providing services to one of the target populations to be served by the project.

Items 1 through 6 are applicable to Large Family, Senior, and At-Risk projects. Items 7 through 12 are applicable to Special Needs projects. Special needs projects with 75% or more but less than 100% special needs units must demonstrate that all tenants will receive an appropriate level of services. Special needs projects with less than 75% special needs units will be scored proportionately in the service amenity category based upon (i) the services provided to special needs and non-special needs units, respectively; and (ii) the percentage of units represented by special needs and non-special needs units, respectively. Items 1 through 12 are mutually exclusive. One proposed service may not receive points under two different categories, except in the case of proportionately-scored services for special needs projects.

Applications must include a services sources and uses budget clearly describing all anticipated income and expenses associated with the services program and that aligns with the services commitments provided (i.e. contracts, MOUs, letters, etc.) Applications shall receive points for services only if the proposed services budget adequately accounts for the level of service. The budgeted amount must reasonably be expected to cover the costs of the proposed level of service. **PLEASE REFER TO REGULATION SECTION 10325(c)(5)(B) FOR COMPLETE SERVICE AMENITY POINTS REQUIREMENTS.**

No more than 10 points will be awarded in this category. **The service budget spreadsheet must be completed.** Amenities may include, but are not limited to:

E. Lowest Income

E(1) Lowest Income Restriction for All Units

50 Points

The "Percent of Area Median Income" category may be used only once. For instance, 50% of Low-Income Units at 50% of Area Median Income (AMI) cannot be used twice for 100% at 50% and receive 50 points, nor can 50% of Low-Income Units at 50% of Area Median Income for 25 points and 40% of Low-Income Units at 50% of Area Median Income be used for an additional 20 points. However, the "Percent of Low-Income Units" may be used multiple times. For example, 50% of Low-Income Units at 50% of Area Median Income for 25 points may be combined with another 50% of Low-Income Units at 45% of Area Median Income to achieve the maximum points. All projects must score at least 45 points in this category to be eligible for 9% Tax Credit.

2 Points

A project that agrees to have at least 10% of its Low-Income Units available for tenants with incomes no greater than 30% AMI and agrees to restrict the rents on those units accordingly can receive two additional points. The 30% AMI units must be spread across the various bedroom sizes, starting with the largest bedroom count units (e.g. four bedroom units) and working down to the smaller bedroom count units, assuring that at least 10% of the larger units are proposed at 30% AMI. So long as the project meets the 10% standard as a whole, the 10% standard need not be met among all of the smaller units. TCAC may correct applicant errors in carrying out this largest-to-smallest unit protocol.

F. Readiness to Proceed

Points are available to applications documenting each of the categories below, up to a maximum of 10 points. Within the application the following must be delivered (see Regulation Section 10325(c)(7) and the Checklist Items for additional information):

Readiness to Proceed **Maximum 10 Points**

- | | | |
|------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| Yes | (i) Enforceable financing commitment, as defined in Section 10325(f)(3), for all construction financing | 5 Points |
| Yes | (ii) Evidence, as verified by the appropriate officials, that all environmental review clearances (CEQA, NEPA, applicable tribal land environmental reviews) necessary to begin construction, except for clearances related to loans with must pay debt service for which the applicant is not seeking tiebreaker benefit (except the Tranche B calculation), are either finally approved or unnecessary | 5 Points |

10 points will be available to projects that document all of the above and are able to begin construction within 180 days* of the Credit Reservation, as evidenced by submission of the following within 180 days of the Credit Reservation:

- a completed updated application form along with a detailed explanation of any changes from the initial application,
- an executed construction contract,
- a construction lender trade payment breakdown of approved construction costs,
- recorded deeds of trust for all construction financing (unless a project’s location on tribal trust land precludes this)
- binding commitments for permanent financing,
- binding commitments for any other financing required to complete project construction,
- a limited partnership agreement executed by the general partner and the investor providing the equity,
- payment of all construction lender fees, issuance of building permits (see Regulation Section 10325(c)(7) for additional guidance)
- notice to proceed delivered to the contractor.

If no construction lender is involved, evidence must be submitted within 180 days after the Credit Reservation is made that the equity partner has been admitted to the ownership entity and that an initial disbursement of funds has occurred. Failure to meet this timeline will result in rescission of the Tax Credit Reservation or negative points.

In addition to the above, all applicants receiving any points under this subsection must provide an executed Letter of Intent (LOI) from the project’s equity partner within 90 days of the credit reservation. The LOI must include those features called for in the CTCAC application. The 90-day requirements apply to all projects requesting any points under this category. See Appendix for requirements.

In the event that one of the above criteria have NOT been met, 5 points may be awarded for the one that has been met. In such cases, the 180-day requirements will not apply to projects that do not obtain the maximum points in this category.

*After the Credit Reservation date TCAC will randomly assign a 180 day deadline for half of the awarded projects and a 194 day deadline for the remaining half of the projects.

- N/A** (i) For applicants that agree that the Committee may exchange Federal Tax Credits for State Tax Credits in an amount that will yield equal equity as if only Federal Tax Credits were awarded. **2 Points**
- N/A** (ii) Enhanced Accessibility and Visitability. Project design incorporates California Building Code Chapter 11(B) and the principles of Universal Designed listed in Reg. Section 10325(c)(9)(B) in at least half of the project's units. **2 Points**
- Yes** (iii) Smoke Free Residence. The proposed project will have at least 1 nonsmoking building and incorporate prohibition of smoking into the lease agreements for the affected units. If a single building project, the project will designate contiguous units as nonsmoking. **2 Points**
- N/A** (iv) Historic Preservation. The project proposes to incorporate historic tax credits. **1 Point**
- N/A** (v) Revitalization Area Project. The project is located within a QCT, a census tract in which at least 50% of the households have an income of less than 60% AMI, or a federal Promise Zone. The development will contribute to a concerted community revitalization plan as demonstrated by a letter from a local government official. **2 Points**
- N/A** (vi) Eventual Tenant Ownership. The project proposes to make tax credit units available for eventual tenant ownership. **1 Point**

Negative points assigned by the Executive Director may be appealed to the Committee under appeal procedures enumerated in the regulations.

VII. TIE BREAKER SYSTEM - FINAL TIE BREAKER SELF-SCORE

This section is included in the application for self-scoring. Note that TCAC will use the tie-breaker self-scores to determine which projects will undergo further review in the competition, including verifying the self-scores for possible reservation of tax credits. TCAC will not evaluate or verify every project's self-scoring. Projects with too low of a self-score to successfully compete for a reservation of tax credits will not undergo any further review by TCAC.

Provide evidence of committed permanent leveraged soft financing in Tab 20 and evidence of public rent or public operating subsidies in Tab 17.

Evidence of land value is required (see Tab 1). The value of the land must be included in "Total Residential Project Development Costs" below as evidenced in Tab 1. Donated land value must be included in Total Project Cost and the Sources and Uses Budget.

Seller carryback financing and any portion of a loan from a public seller or related party that is less than or equal to sale proceeds due the seller, except for a public land loan to a new construction project, must be excluded from Leveraged Soft Financing.

For projects with purchase price in excess of the appraised value, unless a waiver is granted, the purchase price in excess of the appraised value must be excluded from the Leveraged Soft Financing. Enter a positive number for the "Purchase Price Over Appraised Value" under the list of Leveraged Soft Financing below. Purchase Price Over Appraised Value will be automatically excluded from the Total Leveraged Soft Financing.

Ineligible off-site costs must be excluded from both numerators and denominators. Enter a positive number for the "Ineligible Offsites" under the list of Leveraged Soft Financing below. Ineligible Off-site costs will be automatically excluded from both the numerators and the denominators.

For projects with commercial/non-residential costs, the committed public funds will be discounted by the percentage of the commercial/non-residential portion.

Final Tie Breaker Formula:

$$\frac{\text{Committed Permanent Leveraged Soft Financing defraying Residential Costs} \times \text{Size Factor}}{\text{Total Residential Project Development Costs}} + \left(\left(1 - \frac{\text{Requested Unadjusted Eligible Basis} + \text{Basis Reduction up to Leveraged Soft Financing excluding donated land, fee waivers, and capitalized value of rent differentials}}{\text{Total Residential Project Development Costs}} \right) / 3 \right)$$

The Prorated Commercial Cost Deduction To Leveraged Soft Financing Must Be Calculated First Before Applying Any Subsidy Adjustment/Increase To The Numerator. TCAC staff may adjust this ratio as deemed appropriate.
