FROM: Anthony Zeto, Program Manager
RE: Development Staff Regional Assignments

The California Tax Credit Allocation Committee (TCAC) has updated its development staff assignments for program users within established geographic regions. Effective immediately, TCAC analysts are assigned as the principal point of contact for program users as follows:

- Rural Areas¹: **Nicola Hil**; 916-654-0015
- Capital and Northern Region, San Francisco County and North and East Bay Region: **Gina Ferguson**; 916-651-7707
- Central Region, Central Coast Region, and South and West Bay Region: **Ben Schwartz**; 916-651-7708
- Los Angeles County: **Jack Waegell**; 916-653-4456
- Inland Empire Region, Orange County, and San Diego County: **David Navarrette**; 916-653-4520

Each listed analyst is the principal contact for program users within their respective regions. As you encounter questions or seek guidance regarding tax credit matters, please contact the appropriate listed analyst first. You may contact each analyst via email by simply clicking on their name at the following link or by phone as noted: <http://www.treasurer.ca.gov/ctcac/contacts.asp>

Regional assignments have improved customer service by establishing clear program contact points, and will result in greater analyst familiarity with the development issues, parties, and trends within a given area. Attached for your convenience is a color-coded map showing the new regional assignments. Please do not hesitate to let me know how this system works for you over time.

Attachment

¹ Including rural cities and census tracts within the other Geographic Areas.
