RE: 2009 Income Limits and Maximum Rents **REVISED** 

On March 19, 2009, the U.S. Department of Housing and Urban Development (HUD) published 2009 Income Limits applicable to low income housing funded with tax credits (LIHTC projects). TCAC utilizes the information published by HUD to calculate maximum rents and income limits for California LIHTC projects. Attached are the 2009 income limits and maximum rents for California's 58 counties.

There are two sets of income limits and maximum rents ("HERA" and "Non-HERA") for the following seven counties:

Marin

Nevada

San Francisco

San Mateo

Santa Clara

Solano

Ventura

Please read this memo carefully to determine which set of income limits and maximum rents are applicable to your project(s) for the above seven counties.

Section 3009(a) of the Housing and Economic Recovery Act (HERA) includes provisions for increases to income limits in areas impacted by the HUD "hold harmless policy." As a result, HUD published "HERA Special Income Limits" for "HUD Hold Harmless Impacted Projects." In California, these apply only to the seven counties listed above.

HERA Special Income Limits are applicable only to projects which had area median gross income determined in 2007 and 2008. Due to confusion arising from the language "area median gross income determined with respect to certain projects in calendar years 2007 and 2008," the Internal Revenue Service (IRS) provided further clarification in the May 2009 issue of *Low Income Housing Credit Newsletter*. This

newsletter states that if a project "was in service, or placed in service during 2007 or 2008, you relied on the income limits provided by HUD [HERA]. Conversely, if your project was not placed in service until after December 31, 2008, you could not have relied on the income limits provided by HUD in 2007 or 2008 [Non-HERA]." In addition, the newsletter provides guidance for projects with placed in service dates both inside and outside of the date range parameters, stating "if at least one building in the project was placed in service during 2007 or 2008, then all the buildings in the project are subject to the HERA Special 50% and 60% income limits."

Please note, this memo provides summary information of published IRS guidance. Please review the entire IRS newsletter prior to determining which income limits and maximum rents are applicable to your project(s).
