

### CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE

2017 COMPETITIVE 9% APPLICATION FOR LOW-INCOME HOUSING TAX CREDITS June 1, 2017 Version

II. APPLICATION - SECTION 1: APPLICANT STATEMENT, CERTIFICATION AND NOTARY

APPLICANT: Rialto Metrolink South Housing Partners, L.P.

PROJECT NAME: Rialto Metrolink South

### PLEASE INCLUDE APPLICATION FEE WITH APPLICATION SUBMISSION (CHECK ONLY)

The undersigned applicant hereby makes application to the California Tax Credit Allocation Committee ("TCAC") for a reservation of Federal, or Federal and State Low-Income Housing Tax Credits ("Credits") in the amount(s) of:

\$1,562,268 annual Federal Credits, and

total State Credits

for the purpose of providing low-income rental housing as herein described. I understand that Credit amount(s) preliminarily reserved for this project, if any, may be adjusted over time based upon changing project costs and financial feasibility analyses which TCAC is required to perform on at least three occasions.

Election to sell ("certificate') state credits: <u>N/A</u> By selecting "Yes" or "No" in the box immediately before, I hereby make an irrevocable election to sell ("certificate") or not sell all or any portion of the state credit, as allowed pursuant to Revenue and Taxation Code Sections 12206(o), 17058(q), and 23610.5(r). I further certify that the applicant is a non-profit entity, and that the state credit pricing will be at least 80 cents per dollar.

I agree it is my responsibility to provide TCAC with the original complete application and the Local Reviewing Agency an exact copy of the application. I agree that I have included a letter from the local government and the appropriate Local Reviewing Agency of the jurisdiction in which the project is located identifying the agency designated as the Local Reviewing Agency for the Tax Credit Allocation Committee. I agree that it is also my responsibility to provide such other information as TCAC requests as necessary to evaluate my application. I represent that if a reservation or allocation of Credit is made as a result of this application, I will also furnish promptly such other supporting information and documents as may be requested. I understand that TCAC may verify information provided and analyze materials submitted as well as conduct its own investigation to evaluate the application. I recognize that I have an affirmative duty to inform TCAC when any information in the application or supplemental materials is no longer true and to supply TCAC with the latest and accurate information.

I acknowledge that if I receive a reservation of Tax Credits, I will be required to submit requisite documentation at each of the following stages: for a carryover allocation; for readiness to proceed requirements if applicable; and after the project is placed-in-service.

I represent I have read Section 42 of the Internal Revenue Code (IRC) pertaining to Federal Tax Credits, and if applying for State Tax Credits, I represent I have also read California Health and Safety Code Sections 50199.4 et seq. and California Revenue and Taxation Code Sections 12206, 17058, and 23610.5 pertaining to the State Tax Credit program. I understand that the Federal and State Tax Credit programs are complex and involve long-term maintenance of housing for qualified low-income households. I acknowledge that TCAC has recommended that I seek advice from my own tax attorney or tax advisor.

I represent that I have read and understand the requirements set forth in Regulation Section 10322(j) pertaining to re-applications for Credit.

I certify that I have read and understand the provisions of Sections 10322(a) through (h). No additional documents in support of the basic thresholds or point selection categories shall be accepted from the applicant beyond the application filing deadline, unless the Executive Director, at his or her sole discretion, determines that the deficiency is a clear reproduction or application assembly error, or an obviously transposed number. In such cases, applicants shall be given up to five (5) business days from the date of receipt of staff notification, to submit said documents to complete the application. For threshold omissions other than reproduction or assembly errors, the Executive Director may request additional clarifying information from other government entities.

I agree to hold TCAC, its members, officers, agents, and employees harmless from any matters arising out of or related to the Credit programs.

I agree that TCAC will determine the Credit amount to comply with requirements of IRC Section 42 but that TCAC in no way warrants the feasibility or viability of the project to anyone for any purpose. I acknowledge that TCAC makes no representation regarding the effect of any tax Credit which may be allocated and makes no representation regarding the ability to claim any Credit which may be allocated.

I acknowledge that all materials and requirements are subject to change by enactment of federal or state legislation or promulgation of regulations.

In carrying out the development and operation of the project, I agree to comply with all applicable federal and state laws regarding unlawful discrimination and will abide by all Credit program requirements, rules, and regulations.

I acknowledge that neither the Federal nor the State Tax Credit programs are entitlement programs and that my application will be evaluated based on the Credit statutes, regulations, and the Qualified Allocation Plan adopted by TCAC which identify the priorities and other standards which will be employed to evaluate applications.

I acknowledge that a reservation of Federal or State Tax Credits does not guarantee that the project will qualify for Tax Credits. Both Federal law and the state law require that various requirements be met on an ongoing basis. I agree that compliance with these requirements is the responsibility of the applicant.

I acknowledge that the information submitted to TCAC in this application or supplemental thereto may be subject to the Public Records Act or other disclosure. I understand that TCAC may make such information public.

I acknowledge that if I obtain an allocation of Federal and/or State Tax Credits, I will be required to enter into a regulatory agreement which will contain, among other things, all the conditions under which the Credits were provided including the selection criteria delineated in this application.

I declare under penalty of perjury that the information contained in the application, exhibits, attachments, and any further or supplemental documentation is true and correct to the best of my knowledge and belief. I certify and guarantee that each item identified in TCAC's minimum construction standards will be incorporated into the design of the project, unless a waiver has been approved by TCAC. I certify that, when requesting a threshold basis increase for development impact fees, the impact fee amounts are accurate as of the application date. In an application proposing rehabilitation work, I certify that all necessary work identified in the Capital Needs Assessment, including the immediate needs listed in the report, will be performed (unless a waiver is granted) prior to the project's rehabilitation completion. I certify and guarantee that the application meets each item of the applicable housing type requirement, as identified by TCAC regulation. I certify and guarantee that any tenant services proposed under TCAC Regulation Section 10325(c)(5)(B) will be available within 6 months of the project's placed in service date, will be of a regular and ongoing nature and provided to tenants for a period of at least 15 years, free of charge (except child care). I understand that any misrepresentation may result in cancellation of Tax Credit reservation, notification of the Internal Revenue Service and the Franchise Tax Board, and any other actions which TCAC is authorized to take pursuant to California Health and Safety Code Section 50199.22, issuance of fines pursuant to California Health and Safety Code Section 50199.25(c)(3) or under general authority of state law.

I certify that I believe that the project can be completed within the development budget and the development timetable set forth (which timetable is in conformance with TCAC rules and regulations) and can be operated in the manner proposed within the operating budget set forth.

I further certify that more than 10% of the project's total reasonably expected basis cost will be incurred and the land acquired by the date specified in the reservation preliminary or final letter.

Is this a resyndication project using hold harmless rent limits in the above table? Hold harmless rents cannot exceed the federal set-aside current tax credit rent limits (TCAC Reg. Section 10327(g)(8)). For units included in the lowest income point category, TCAC requires the use of current rent limits.

B. Manager Units

State law requires an onsite manager's unit for projects with 16 or more residential units. TCAC Regulation Section 10325(f)(7)(J) requires projects with at least 161 units to provide a second on-site manager's unit, with one additional for each 80 units beyond, up to 4 on-site manager units. Scattered site projects of 16 or more units must have at least one manager unit at each site consisting of 16 or more residential units.

Projects may employ full-time property management staff and provide an equivalent number of desk or security staff for the hours when the property management staff are not working. See TCAC Regulation Section 10325(f)(7)(J) for details on the requirements for this option.

### REVIEW REGULATION SECTION 10327(c)(5)(B) PRIOR TO COMPLETING THIS SECTION. THE OPTIONS BELOW ARE PRESENTED WITH ABRIDGED LANGUAGE.

N/A 1 Project shall have onsite renewable generation estimated to produce 50% or more of annual tenant electricity use. If combined available roof area is insufficient, project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. A project not availing itself of the 90% roof area exception may also receive an increase under paragraph (2) only if the renewable generation used to calculate each basis increase does not overlap. Threshold Basis Limit increase of 5%. N/A 2 Project shall have onsite renewable generation estimated to produce 75% or more of annual common area electricity use. If combined available roof area is insufficient, project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. A project not availing itself of the 90% roof area exception may also receive an increase under paragraph (1) only if the renewable generation used to calculate each basis increase does not overlap. Threshold Basis Limit increase of 2%. Newly constructed project buildings shall be 15% or more energy efficient than 2016 Energy Efficiency N/A 3 Standards (CA Code of Regulations, Title 24, Part 6), except that if the local department has determined that building permit applications submitted on or before December 31, 2016 are complete, then newly constructed project buildings shall be 15% or more energy efficiency than the 2013 Energy Efficiency Standards (CA Code of Regulations, Title 24, Part 6). Threshold Basis Limit increase of 4%. N/A 4 Rehabilitated project buildings shall have an 80% decrease in estimated annual energy use (or improvement in energy efficiency) in the HERS II post rehabilitation. Threshold Basis Limit increase 4%. N/A 5 Use no irrigation at all, irrigate only with reclaimed water, greywater, or rainwater (excluding water used for community gardens) or irrigate with reclaimed water, greywater, or rainwater in an amount that annually equals or exceeds 20,000 gallons or 300 gallons per unit, whichever is less. Threshold Basis Limit increase 1%. N/A 6 Community gardens of at least 60 square feet per unit. Permanent site improvements that provide a viable growing space within the project. Threshold Basis Limit increase 1%. Install bamboo, cork, salvaged or FSC-Certified wood, natural linoleum, natural rubber, or ceramic tile in N/A 7 all kitchens, living rooms, and bathrooms (where no VOC adhesives or backing is also used). Threshold Basis Limit increase 1%. N/A 8 Install bamboo, stained concrete, cork, salvaged or FSC-Certified wood, ceramic tile, or natural linoleum in all common areas. Threshold Basis Limit increase 2%. N/A 9 For new construction projects only, meet all requirements of the U.S. Environmental Protection Agency Indoor Air Plus Program. Funding sources and costs should be aligned appropriately. For example, public funding sources for land purchase or construction costs should be shown as paying for these costs.

Do not randomly select funding sources for line item costs if they have a dedicated source of payment.

<sup>1</sup> Required: evidence of land value (see Tab 1). Land value must be included in Total Project Cost and Sources and Uses Budget (includes donated or leased land). Except for non-competitive projects with donated land, TCAC will not accept a budget with a nominal land value. Please refer to the TCAC website for additional information and guidance. <sup>2</sup> Required: include a detailed explanation of *Demolition* and *Offsite Improvements* requirements as well as a cost breakdown in Attachment 12, Construction and Design Description.

Note: The conditional formatting embedded in this Sources and Uses Budget workbook tests only for mathematical errors, i.e. whether sum total of Sources (Column R) matches Total Project Cost (Column B) and whether each source listed in the Sources and Uses Budget workbook (Row 103) matches that of Permanent Financing in the Application workbook (Row 106). The conditional formatting does NOT test for any regulatory threshold or feasibility requirements.

Applicants are advised to conduct their own due diligence and not rely upon the conditional formatting in this workbook.

<sup>1</sup> All loans must be "soft," having terms (or remaining terms) in excess of 15 years, and below market interest rates, interest accruals, or residual receipts payments for at least the first 15 years of their terms. The maximum below-market interest rate allowed for scoring purposes is 4% simple, or the applicable federal rate if compounding. RHS Section 514 and 515 financing is considered soft debt for purposes of scoring under this category. There must be conclusive evidence presented in the application that any new public funds have been firmly committed as stated in Regulation Section 10325(c)(1)(C). Please see also Checklist Items, Tab 1.

<sup>2</sup> If the principal balances of prior publicly funded or subsidized loans are to be assumed, documented approval of the loan assumption or other required procedure by the public agency holding the promissory note must be provided. Accrued interest recast as principal under a new loan agreement will not be considered in scoring. See also Checklist Items, Tabs 1 and 20.

<sup>3</sup> To receive points in this category, land and building values must supported by an independent, third party appraisal consistent with Regulation Section 10322(h)(9). Donated land value must be included in Total Project Cost and the Sources and Uses Budget. Evidence of land value is required (see Tab 1).

<sup>4</sup> Off-site costs must be documented as waived fees pursuant to a nexus study or must be developed by a sponsor as a condition of local approval. Please review Regulation Section 10325(c)(1)(C) for a more complete description of requirements.

To receive points under this subsection for projects in existence for more than 3 years from the filing deadline date, the applicant must submit a certification from a 3rd party certified public accountant (CPA) that the projects for which points are requested have maintained a positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.) for the year in which each development's last financial statement has been prepared and have funded reserves in accordance with the partnership agreement and any applicable loan documents. This certification must list the specific projects for which the points are being requested. The CPA certification may be in the form of an agreed upon procedure report that includes funded reserves as of the report date, which shall be within 60 days of the application deadline, unless the general partner or key person has no current projects which are eligible for points in which case the report date shall be after the date from which the general partner or key person separated from the last eligible project. To obtain points for projects previously owned by the proposed general partner, a similar certification must be submitted with respect to the last full year of ownership by the proposed general partner, along with verification of the number of years that the project was owned by that general partner. This certification must list the specific projects for which the points are being requested.

### **Total Points for Management Company Experience:**

Points in subsections (A) and (B) above will be awarded in the highest applicable category and are not cumulative. For maximum points in either subsection (A) or (B) above, a completed application attachment for the general partner or for the management agent, respectively, must be provided. For points to be awarded in subsection (B), an enforceable management agreement executed by both parties for the subject application must be submitted at the time of application. "Projects" as used in this subsections (A) and (B) means multifamily, rental, affordable developments of over 10 units that are subject to a recorded regulatory agreement or, in the case of housing on tribal lands, where federal HUD funds have been utilized in affordable rental developments. General Partner and Management Company experience points may be given based on the experience of the principals involved, or on the experience of municipalities or other nonprofit entities that have experience but have formed single-asset entities for each project in which they have participated, notwithstanding that the entity itself would not otherwise be eligible for such points. Alternatively, a management company may receive 2 points if it provides evidence that the management agent assigned to the project, either on-site or with management responsibilities for the site, has been certified, prior to application deadline, by a housing tax credit certification examination by a nationally recognized housing tax credit compliance entity and be on a list maintained by the Committee. These points may substitute for other management company experience but will not be awarded in addition to such points.

General partners and management companies with fewer than 2 active California LIHTC projects for more than 3 years, and general partners and management companies for projects requesting points under the special needs categories with no active California LIHTC projects for more than 3 years, should refer to Regulation Section 10325(c)(2) and Checklist Items Tabs 21 and 22 for additional requirements.

### **D. Site & Service Amenities**

### D(1) Site Amenities

Amenities must be appropriate to the tenant population served. To receive points the amenity must be in place at the time of application. TCAC Regulation Sections 10325(c)(5)(A), 10325(c)(5)(A)(1) and 10325(c)(5)(A)(5) provide information on the limited exceptions to this requirement. The application must include a map scaled for distance using a standardized radius from the development site as determined by the Committee. Measurement from the project to a site must not cross significant physical barriers. The map must show the distance of the site amenities from the development site. An application proposing a project located on multiple scattered sites shall be scored proportionately in the site and service amenities based upon (i) each site's score, and (ii) the percentage of units represented by each site, except that for scattered site projects of less than 20 units, service amenities shall be scored in the aggregate across all sites. Applicants must provide color photographs, a contact person and a contact telephone number for each requested site amenity. Any inaccurate information will be subject to negative points. No more than 15 points will be awarded in this category. Only one point award will be available in each of the subcategories (a-h) listed below. Site amenity points are not applicable to projects that apply and are awarded under the Native American apportionment. However, for those applicants unsuccessful in the apportionment and considered under the Rural set-aside, site amenity scoring will be applicable.

### D(2) Service Amenities

Projects that provide high-quality services designed to improve the quality of life for tenants are eligible to receive points for service amenities. Services must be appropriate to meet the needs of the tenant population served and designed to generate positive changes in the lives of tenants. An application proposing a project located on multiple scattered sites (all sites within a five-mile diameter range) shall be scored proportionately in the site and service amenities based upon (i) each site's score, and (ii) the percentage of units represented by each site, except that for scattered site projects of less than 20 units, service amenities shall be scored in the aggregate across all

Except as provided below and in Reg. Section 10325(c)(5)(B), in order to receive points in this category physical space for service amenities must be available when the development is placed-in-service. Services space must be located inside the project and provide sufficient square footage, accessibility and privacy to accommodate the proposed services. The amenities must be available within 6 months of the project's placed-in-service date. Applicants must commit that services will be provided for a period of 15 years.

All services must be of a regular and ongoing nature and provided to tenants free of charge (except for day care services or any charges required by law). Services must be provided on-site except that projects may use off-site services within 1/2 mile of the development (1 1/2 mile for Rural set-aside projects) provided that they have a written agreement with the service provider enabling the development's tenants to use the services free of charge (except for day care and any charges required by law) and that demonstrate that provision of on-site services would be duplicative. All organizations providing services for which the project is claiming service amenities points must have at least 24 months experience providing services to one of the target populations to be served by the project.

Items 1 through 6 are applicable to Large Family, Senior, and At-Risk projects. Items 7 through 12 are applicable to Special Needs and SRO projects. Items 1 through 12 are mutually exclusive. One proposed service may not receive points under two different categories.

Applications must include a services sources and uses budget clearly describing all anticipated income and expenses associated with the services program and that aligns with the services commitments provided (i.e. contracts, MOUs, letters, etc.) Applications shall receive points for services only if the proposed services budget adequately accounts for the level of service. The budgeted amount must reasonably be expected to cover the costs of the proposed level of service. **PLEASE REFER TO REGULATION SECTION 10325(c)(5)(B) FOR COMPLETE SERVICE AMENITY POINTS REQUIREMENTS.** 

No more than 10 points will be awarded in this category. The service budget spreadsheet must be completed. Amenities may include, but are not limited to:

### F. Lowest Income

### F(1) Lowest Income Restriction for All Units

The "Percent of Area Median Income" category may be used only once. For instance, 50% of Income Targeted Units to Total Tax Credit Units at 50% of Area Median Income (AMI) cannot be used twice for 100% at 50% and receive 50 points, nor can 50% of Income Targeted Units to Total Tax Credit Units at 50% of Area Median Income for 25 points and 40% of Income Targeted Units to Total Units at 50% of Area Median Income be used for an additional 20 points. However, the "Percent of Income Targeted Units" may be used multiple times. For example, 50% of Targeted Units at 50% of Area Median Income for 25 points may be combined with another 50% of Targeted Units at 45% of Area Median Income to achieve the maximum points. All projects must score at least 45 points in this category to be eligible for 9% Tax Credit.

RESYNDICATION PROJECTS CHOOSING HOLD HARMLESS RENTS CANNOT RECEIVE LOWEST INCOME POINTS FOR HOLD HARMLESS RENTS. CURRENT RENT LIMITS MUST BE USED FOR LOWEST INCOME POINT SCORING.

\*Only projects competing in the Rural Set-aside may use the 55% AMI column and selected targeting in the 50% AMI column. \*\*60% AMI is included as a place-holder and will not receive any additional points.

2 Points

A project that agrees to have at least 10% of its units available for tenants with incomes no greater than 30% AMI and agrees to restrict the rents on those units accordingly can receive two additional points. The 30% AMI units must be spread across the various bedroom sizes, starting with the largest bedroom count units (e.g. four bedroom units) and working down to the smaller bedroom count units, assuring that at least 10% of the larger units are proposed at 30% AMI. So long as the project meets the 10% standard as a whole, the 10% standard need not be met among all of the smaller units. TCAC may correct applicant errors in carrying out this largest-to-smallest unit protocol.

Reservation, as evidenced by submission of the following within 180 days\* of the Credit Reservation: updated application form and explanation of changes, executed construction contract, breakdown of lender-approved construction costs, recorded deeds of trust for all construction financing, binding commitments for permanent financing and any other required financing, a limited partnership agreement executed by the general partner and the investor providing the equity, payment of all construction lender fees, issuance of building permits (see TCAC Regulation Section 10325(c)(8) for additional guidance), and notice to proceed delivered to the contractor. If no construction lender is involved, evidence must be submitted within 180 days after the Credit Reservation is made that the equity partner has been admitted to the ownership entity and that an initial disbursement of funds has occurred. Failure to meet this timeline will result in rescission of the Credit Reservation. In addition to the above, all applicants receiving any points under this subsection must provide an executed Letter of Intent (LOI) from the project's equity partner within 90 days of the credit reservation. The LOI must include those features called for in the CTCAC application (See <u>Appendix</u> for requirements).

In the event that one or more of the above criteria have NOT been met, 5 points may be awarded for each one that has been met. In such cases, the 180-day requirements shall not apply to projects that do not obtain the maximum points in this category. The 90-day requirements apply to all projects requesting any points under this category.

\*After the Credit Reservation date TCAC will randomly assign a 180 day deadline for half of the awarded projects and a 194 day deadline for the remaining half of the projects.

### Total Possible Points: 138, Minimum Point Threshold: 117

\*Negative points given to general partners, co-developers, management agents, consultants, or any member or agent of the Development Team may remain in effect for up to two calendar years, but in no event shall be in effect for less than one funding round. Furthermore, negative points may be assigned to one or more Development Team members, but do not necessarily apply to the entire Team. Negative points assigned by the Executive Director may be appealed to the Committee under appeal procedures enumerated in the regulations.

## VII. TIE BREAKER SYSTEM - FINAL TIE BREAKER SELF-SCORE

This section is included in the application for self-scoring. Be aware that TCAC will use self scores to determine which projects undergo further review in the competition, including the verification of self scores, for possible reservation of tax credits. TCAC will not verify or evaluate every project's self score. Project's that self score too low to successfully compete for a reservation of tax credits will not undergo any further review by TCAC.

Review TCAC Reg. Section 10325(c)(10). Provide evidence of committed permanent public funds in Tab 20 and evidence of public subsidies, if any, in Tab 17.

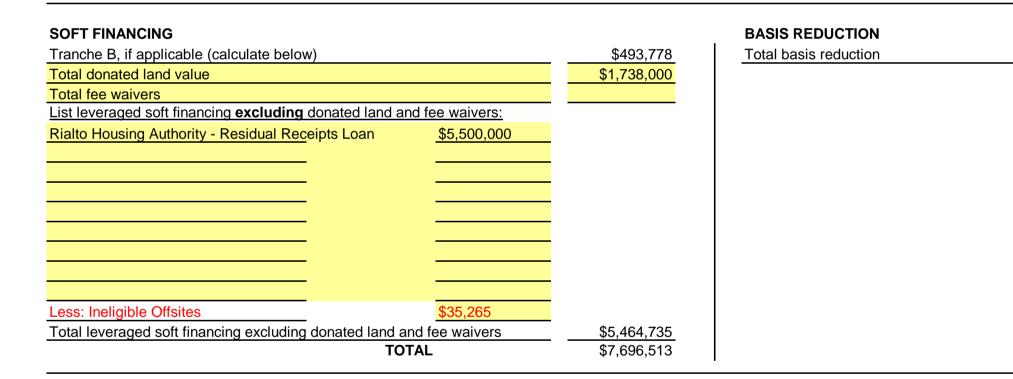

Projects with commercial/non-residential costs will have committed public funds discounted by the percentage of the project proposed to be commercial or non-residential.

Ineligible off-site costs should be excluded from both numerators and denominators. Enter a positive number for the "Ineligible Offsites" under the list of leveraged soft financing below. Ineligible Off-site costs will be automatically excluded from both the numerators and the denominators.

Evidence of land value is required (see Tab 1). The value of the land per TCAC Regulations must be included in "Total residential project development costs" below as evidenced in Tab 1 of the application. Donated land value must be included in Total Project Cost and the Sources and Uses Budget.
