

## Energy Measures Eligible for Credit Enhancement Using Equitable Building Decarbonization Program Funds

The measures listed below are eligible to be financed through GoGreen Home using Equitable Building Decarbonization (EBD) Program funds. EBD supports projects in electric POU service areas by providing funding for credit enhancements to facilitate affordable financing of energy upgrades. Households receiving gas service from an IOU are also eligible for additional IOU-funded measures. For reference, check out the full [CAEATFA Eligible Energy Measures list](#).
