<b>Grantee:</b> Alameda Health System 1411 E 31 <sup>st</sup> St Oakland, CA 94602-1018 (Alameda County)	<b>Authority Meeting Date:</b> February 27, 2025 <b>Resolution Number:</b> SDC 2025-01 <b>Total Recommended Amount:</b> \$ 4,350,000.00
<b>Region:</b> Bay Area/Central Coast <b>County to be Served:</b> Alameda	

**Project:** Renovate a facility to develop a new ambulatory surgery center with four new dental operatories and three exam/consultation rooms.

**Summary of Project:**  
 Alameda Health System (“AHS” or “Grantee”) plans to renovate a facility to develop a new ambulatory surgery center with four new dental operatories and three exam/consultation rooms in Alameda County that will provide dental services for special health care needs patients, including children and adults, who have disabilities that prevent them from receiving routine or specialty care due to their physical, developmental, or cognitive condition. In addition to the renovated facility improving wait times and increasing capacity for dental services, the comprehensive care provided will connect patients to additional healthcare services within AHS, reducing wait times for referrals and preserving continuity of care. The Grantee anticipates the new ambulatory surgery center will serve approximately 3,500 special health care needs patients annually. Upon completion of the project, special health care needs patients will constitute 50 percent or more of the total number of patient visits of those receiving dental services in the project paid for with grant funds. Grant funds will be used for renovation expenses and the purchase of equipment and furnishings. Additional leveraged funding will be used to cover expenses that exceed the grant award amount. Staff evaluated the plan and has determined that the project is likely to be feasible and sustainable.
