BACKGROUND AND HISTORY

Borrower: KLARE Holdings (Borrower) is a California nonprofit public benefit corporation formed for the specific purpose of holding real property for the benefit of KIPP SoCal Public Schools (KSCPS).

School Information: KSCPS is the Southern California-specific network of the broader KIPP network of schools that operate in 21 states. There are two KIPP networks in California, KIPP NorCal Public Schools and KSCPS. While both networks are part of the broader national organization, they are otherwise unaffiliated. As of 2023-24, KSCPS operates 20 schools that serve 10,162 elementary and middle students in Los Angeles and San Diego Counties. Approximately 90% of KSCPS students qualify for Free and Reduced Priced Meals (FRPM), approximately 24% are English Language Learners, and approximately 16% receive Special Education services. Enrollment for the KSCPS schools in the CSFA obligated group (referenced subsequently) include:

Lender: EFF is a Delaware nonstock nonprofit corporation that has 501(c)(3) tax-exempt status as a public charity. EFF was initially funded by philanthropic contributions from the Walton Family Foundation, and is organized to make low-cost, long-term, fixed rate loans to charter schools for facilities. The EFF program is set up as a revolving loan fund, so that as existing school loans are repaid, the loan repayment revenues can be used to make new loans. In addition, EFF has obtained, and will continue to seek, capital market financing in the form of tax-exempt bonds to leverage the revenue streams from their pool of school loans. Depending on the locations of the projects financed by the loans over time, EFF will issue bonds using various conduit issuers in various jurisdictions, and, as it did in connection with its prior bond issuances in 2019, 2020, 2021, 2022, and 2023, EFF will use the proceeds of such bonds to reimburse itself for loans it previously originated, in order to make additional loans.

Orrick, Herrington & Sutcliffe LLP (Orrick) represents EFF, and acts as its primary outside counsel on all lending and financing transactions nationally. Orrick's relationship with EFF is managed by Eugene Clark-Herrera.

PROJECT DESCRIPTION

The proceeds of the loan will be used to: (1) finance and/or refinance the acquisition, construction, expansion, remodeling, improvement, installation, furnishing and/or equipping of certain charter school educational facilities for KSCPS known as (i) KEP, located at 1263 South Soto Street, Los Angeles,

California 90023; (ii) KSA, located at 4800 E. Cesar Chavez Avenue, Los Angeles, California 90022; (iii) KIA, located at 4800 E. Cesar Chavez Avenue, Los Angeles, California 90022; (iv) KEA, located at 8466 S. Figueroa Street, Los Angeles, California 90003; and (v) KLAP, located at 2810 Whittier Boulevard, Los Angeles, California 90023; and (2) pay certain expenses necessary or incident to such loan.

Refinance of NMTC unwind for KEP: KEP has an NMTC loan that matures on December 20, 2024. Refinancing of the \$11,712,409 senior leveraged loan must be completed by this date, at which time the NMTC will be unwound. The loan was awarded in 2017 to acquire and develop the KEP campus in East Los Angeles.

Refinancing of 2014 CSFA Bonds: In 2014 CSFA issued \$27,190,000 in bonds (2014 CSFA Bonds) for KSCPS for four of their campuses, KLAP, KSA, KIA and KEA. Those proceeds were used to refinance an existing NMTC and a Bank of America bank loan as well as for facility and note acquisition, construction and improvement. That issuance is now a decade old and eligible for refinancing. Approximately \$23,495,000 of the 2014 CSFA Bonds are currently outstanding. Upon the refunding of the 2014 CSFA Bonds, a corresponding \$516,000 credit enhancement award will return to CSFA.

Loan proceeds will be used for the following purposes and allocations:

Total Estimated Project Costs					\$35,207,409.00

FINANCING

In the proposed loan to the Borrower, structured as a conduit loan through CSFA, Orrick would act as EFF’s counsel. Although Orrick would not have an attorney-client relationship with CSFA on the KSCPS transaction, Orrick would perform most, if not all, of the tasks ordinarily performed in other transactions when acting as bond counsel to CSFA. While these tasks are associated with the role of “bond counsel”, there is no legal or ethical requirement that the firm performing these tasks be retained by the conduit issuer. In this transaction, EFF and KSCPS have agreed that Orrick should perform these tasks because of its prior experience in doing so on similar transactions. The only difference on this transaction would be that Orrick’s client relationship is not with CSFA, but instead with EFF. Therefore, in this transaction, the Attorney General’s Office will represent CSFA (as issuer’s counsel), without need for an additional law firm to act as CSFA’s outside bond counsel. The financing will be structured as a tri-party loan, with EFF as the lender, CSFA as the conduit loan facilitator, and the Borrower. As with the previous loans through EFF, the intercept will lower the costs for KSCPS vs. a conventionally-structured loan. The loan will be executed and delivered pursuant to a loan agreement among CSFA, EFF, and the Borrower.

Security and Source of Payment: The loan will be secured by an Obligation issued by the Obligated Group under the Master Trust Indenture, including a pledge of rental revenues of the Obligated Group Schools and mortgages on all related real property interests naming Master Trustee as mortgagee. The

rents under the leases with 1241-1263 South Soto, LLC; ChaMed, LLC; Sola School 1, LLC; and KLA 2810 Whittier LLC will be subject to intercept. All payments subject to the Intercept shall only be transferred to EFF or the Master Trustee to repay the loan issued by the California School Finance Authority or for payment of ground rent. The loan will be evidenced by a Promissory Note, executed by the Borrower in favor of Charter School Finance Authority.

Preliminary Sources and Uses and Preliminary Costs of Issuance: Below are the preliminary estimated sources and uses, and detailed information about the expected costs of issuance for board consideration. Please note these figures are subject to change between the time the Board packets are distributed and the time the Board meets, and are further subject to final pricing. Members will be provided updated figures should significant changes occur before the Board meeting date.

Nothing in Section 17183.5 shall be construed to imply that any project is required to produce revenue in order to be financed under this chapter.
