Annual Operating Expense (AOE) Form

Electronic Filing Form

2021

INTRODUCTION

Welcome to the electronic Annual Operating Expense (AOE) Form. This electronic form is a Microsoft Excel spreadsheet that will expedite entry of project data into CTCAC's database. You must have Microsoft Excel in order to use this form. One spreadsheet must be completed for each property in the initial federal compliance period as well as those in the extended use period.

CTCAC will require the AOE report to be completed by accounting staff, the investor, or project asset manager and will require the name and title of person completing this report to be provided at the bottom of the report. This new requirement will ensure CTCAC is receiving complete and accurate operating costs for tax credit projects in California.

Please do not submit AOE report for projects that were only in operation for part of 2021, you are only required to submit the AOE report for projects which were operational for the entire 12 calendar months of 2021.

- ! Please do not make any changes to the spreadsheet or convert the Excel file to another file format.**
- ! Please submit only one worksheet per workbook.**
- ! Please complete entire form, if not applicable please include a 0.**

Data Entry Information

The AOE spreadsheet is protected to reduce problems associated with format changes and addition and deletion of cells. Input only the data requested in the light-yellow cells. If an item does not apply, use the numeric zero (0). **DO NOT** use any text, such as, "n/a", "none", etc. Each subtotal (darker yellow colored field) has a calculated formula (that is protected) and will populate automatically. - 1 Project Number:** Select the CTCAC number from the dropdown box. The box to the far right of the project number (light-yellow) will automatically be filled in with the project name.

! Important

You can only make a selection from the dropdown list box. You cannot type information in this field. If your CTCAC number does not appear on the list, contact the owner to confirm the correct CTCAC number. If this does not resolve the problem, contact Jerry Yang at (916) 654-5742.

- 2 Date Prepared:** Enter the date the AOE is being created. If the entry of the AOE extends over more than one day, the date the AOE was completed should be used. Use a standard date format (mm/dd/yyyy).

- 3 Total Occupied Units** Select the number of occupied units (from dropdown) as of December 31, 2021. It should be the same as the number found on the Annual Owner's Certification (AOC) - item xviii.

- 4 Income:** Enter the gross income, vacancy loss, and other revenue generated during the reporting year for the property in all the light-yellow fields. Please include project based rental assistance and capitalized rental assistance in gross income.

- Depreciation, tenant services, partnership expense, soft loans or residual receipt debt service payments, and partnership management fees.

The "Maintenance" and "Other Expenses" categories have fields for other items that are not listed on the form (see

figure 1). These fields should be utilized for miscellaneous costs (excluding costs identified above), etc. Each line should only include one expense item and note the type of expense (rather than “other”). If amounts are entered in these fields are grouped together, then CTCAC will require the owner to provide an attachment which includes a detailed breakdown of maintenance and other costs.
